ATT: Mr. Max Dodson

On June 19 2006, Mr. Mike Cirian who is the project manager for the EPA at the Libby site hand delivered what was identified as "The Notice Of Availability" for our property located at the former W.R. Grace Screening Plant.

We have reviewed your letter and have at this point of time, notified MR. Cirian, that **WE WILL NOT ACCEPT THIS "NOTICE"**. We will respond to it when we return to Libby on July 12, 2006 .

Our concern relates to the "Completion of Response Actions at the Screening Plant", as it is presented in the Reimbursement Agreement you personally signed February of 2001.

Sincerely ,

Mel & Lerah Parker
